

# Ocean 61

Undercounter dishwashers, 82 cm high with 50x50 cm rack and 36.5 cm door opening.

Optional stainless steel plinth with rack storage compartment.

The versatility of the machine is enhanced by four specialised programmes, which range from a specific glass washing cycle (ProGlass) to a programme for heavily soiled items (ProLong).

A plate rack, a universal rack and a cutlery insert are all supplied as standard with the machine.

Specialised cycles: **ProGlass, ProWater, ProLong, ProEco.**

Available versions: see tables on pages 10-11.

	H cm	32,5
	Ø cm	36,5

# Ocean 81

Hood dishwashers with 50x50 cm rack and door opening of 45 cm.

The hood can be installed in line or as a corner unit without the need for additional components. Our wide range of tables and accessories of different types and dimensions allows you to personalise the washing zone to suit your specific requirements.

Thanks to the large capacity of the wash tank, this machine can wash both Gastronorm and Euronorm trays (53x32 cm).

A plate rack, a universal rack and a cutlery insert are all supplied as standard with the machine.

Specialised cycles: **ProGlass, ProWater, ProLong, ProEco.**

Available versions: see tables on pages 10-11.
